SUMMARY

ACADEMIC PROJECTS

NeuroCheck AI – Stress Detection using EEG Signals	• Developed an AI-powered EEG stress detection system to analyze brainwave signals and predict mental stress levels using machine learning–based classification with real-time signal visualization. • Implemented EEG feature extraction, stress prediction, confidence analysis, and interactive dashboards with secure file upload and graphical signal representation for mental workload assessment. • Tech Stack: Python, Scikit-learn, NumPy, Plotly, Machine Learning, Random Forest, Pickle.
---	--

Edge Feature Extraction for Metal Corrosion Detection	●Developed a deep learning–based corrosion detection system for accurate metal corrosion segmentation using edge-feature extraction and feature fusion techniques. ●Implemented Edge-Feature Extraction Module (EEM) and Feature Fusion Module (FFM) to improve boundary detection, small corrosion area segmentation, and overall model efficiency. ●Tech Stack: Python, Deep Learning, SegFormer, OpenCV, NumPy, PyTorch/TensorFlow, Computer Vision
--	---

A 2nd-year B.Tech Software Engineering student with strong foundations in programming and problem-solving. Passionate about developing efficient software solutions and learning new technologies. Seeking internship opportunities to apply technical skills and gain industry experience.

EDUCATION

Board	Tenure	Educational institution	CGPA/Percentage
B. Tech (CSE)	SEPT 24-Ongoing	Vellore Institute of Technology, BHOPAL	8.62/10
Class XII	MAY 23	Chameli Devi Public School, INDORE	80%
Class X	APRIL 21	Chameli Devi Public School, INDORE	93.7%

TECHNICAL SKILLS

Programming Languages: Python, Java, C/C++
Web Development: HTML, CSS, JavaScript
Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems
Tools & Platforms: GitHub, VS Code, IntelliJ IDEA

CERTIFICATION

- The Bits and Bytes of Computer Networking (**Coursera**)
- Cloud Computing (**NPTEL**)
- Introduction to Java and Java Intermediate (**SoloLearn**)

ADDITIONAL INFORMATION

Hobbies	●Travelling to new places and discovering cultural insights ●Connecting with people through their stories and experiences
Languages	English, Hindi
